

Table S5. Numbers of cases at each category of Francolin presence/absence based on African Cherry abundance (absent/high abundance). Odds ratio 2.87 (95% CI: 0.97-8.48).

African Cherry abundance	Francolin absent	Francolin present	Total
Absent	104	8	112
High abundance	8	36	44
Total	112	44	156
